Dear Mena:

We write further to our email dated February 8, 2006 with regard to the above.

Please be advised that the above application has been examined and the Trade Marks Registry has issued the First Examination Report dated May 25, 2006. Enclosed is a copy of the FER for your records.

We are pleased to inform you that the Trade Marks Registry has neither raised objections on absolute nor relative grounds and accordingly the mark has been accepted for advertisement in the Trade Marks Journal. Further, please note that the Examiner has stated that the subject mark to be associated. However, it is not clear with which mark (s) the above mark has to be associated. In our view the association is with respect to the mark "andromedical" which has been filed in the name of Andromedical S.L. We are following-up the matter with the Trade Marks Registry in this regard and shall revert to you at the earliest.

Kindly note that the 1-month deadline for filing the response to the FER is **June 25, 2006**. We look forward for your comments and instructions in this regard well before the intended deadline.

In the meantime should you require any further information in this regard please feel free to get back to us.

Thanking You,
Very Truly Yours,

Manisha Singh
